Ojo de Augua Malbec Malbec	Dieter Meier Mendoza, Argentina	2016	9.50

Coravin Wine list

That how it works:

With a thin hollow needle, we pierce the cork to dispense the wine without opening the bottle. The noble gas argon is pressed into the bottle and the wine flows out in counter pressure. An unwanted oxidation is avoided. The resulting channel closes immediately after removing the needle. Thus, it is possible to celebrate a glass of wine for several days glass by glass and enjoy

White

10cl
